

SAVE ON TEXTBOOKS AND SUPPLIES!

What is OER?

The purpose of Open Educational Resources (OER) is to provide high-quality course materials, such as textbooks or software, to students at low to no cost. Through Open Learning West Virginia, students can access courses that help them save thousands of dollars on materials. When registering, simply look for courses marked as OER!

\$157 in Average Individual Student Savings

College course materials should not break the bank. Taking OER courses can save you money!

\$7.75 Million in Aggregate Student Textbook Savings

Open Learning WV makes higher education more affordable and accessible for West Virginians.

High Quality Course Materials

97% of students thought the OER was of higher quality or the same quality as their normal materials.
